Watson Chatbot Integration

The screenshot displays the IBM Watson Assistant web interface. The browser address bar shows the URL: `au-syd.assistant.watson.cloud.ibm.com/cm%3Av1%3Abluemix%3Apublic%3Aconversation%3Aau-syd%3Aa%2F6f07829eb5d7411f87b7f2869c65d903%3Ac0fe8cfd-53ab...`. The interface includes a top navigation bar with 'IBM Watson Assistant', 'Life', 'Upgrade', and 'hospital bot' tabs. The main workspace is titled 'Greet customer' and contains a 'Conversation steps' panel on the left and a 'Step 1 is taken' configuration area on the right.

Conversation steps:

- Step 1:** Assistant starts with step 1. The response is: 'Welcome! I can answer hospital related queries
 Say hii or Click below anything to start...'. It includes buttons for 'hii' and 'hello'. The action is 'Continue to next step'.
- Step 2:** The response is: 'our branches near by you are : sathuvachari, anna nagar, christianpet'. It includes buttons for 'contact num...' and 'contact num...'. The action is 'Continue to next step'.
- Step 3:** The response is: 'Hi!! I am smart assistant . How may I assist you?'. It includes buttons for 'other issues', 'Nearby hospi...', and '+ 1'. The action is 'Continue to next step'.

Step 1 is taken configuration:

- Without conditions:** A dropdown menu set to 'without conditions'.
- Assistant says:** The response is: 'Welcome! I can answer hospital related queries Say hii or Click below anything to start conversation'. It includes buttons for 'hii' and 'hello'. Below the response are 'Edit response' and 'Edit validation' links.
- And then:** The action is 'Continue to next step'.

The interface also features a 'Preview' button at the bottom right and a Windows taskbar at the bottom with the date '11-11-2022' and time '19:15'.
